EXAMPLE.—To find on what day of the week December 25 will fall in 1905, look for December as above, which stands opposite Fig. 5. Then take the letter for the year which is A, and find Fig. 5 in line with A and in a line with 25. This shows December 25 will fall on Monday.

FOR LEAP YEARS two letters are given (see above), first letter to be used for January and February, the next letter for remaining months.

WITH COMPLIMENTS OF

The Globe.
